Subject: DDE Report comments?

Good Morning, Trustees!

Now that we have all had some time to get back into the swing of things after our beautiful trip to Lowell, I hope you have taken (or will take) the opportunity to look over the DDE report: "Reassessment of Residual DDE on Three Remediated Hanford North (Wahluke) Slope Waste Sites and the Horseshoe Landfill, Hanford, Washington"

I am anxious to hear your comments and/or suggestions! If you could send them to me by Friday, October 15th, I will be able to take them into consideration as I finalize the document.

You can reach me at: Jenifer_K_Linville@rl.gov

Thank you, and have an excellent week!
